## JavaScript Project

THERE IS NO SUCH THINGS AS BAD WEATHER, ONLY BAD CLOTHES.

BY:

INOSHA SUGATHAPALA & TIRTHANKAR PAUL

## Execution layout

- Fetching Data
- Formatting the data in workable format.
- Responsible member: TP & Supported by :IS

Work Package 1

## Work Package 2

- Coding: main work is to link the weather input to make suggestive output for dress names/types.
- Responsible member & Supported by :IS & TP

- HTML design includes:
  - Input box
  - Output box
- Flashing images.
- Responsible member: IS & Supported by : TP

Work Package 3

## Why

- Awareness
- ▶ To help parents and child to be confortable in the Finnish weather.
- ▶ Focus to cover a large population for future expnation.
